

MATERIAL (COLORS AND DECORS) Mat-C-E04_ME_EN - 05.07.2018 - www.vs-furniture.com

Plastic colour:
C-E04 grey.

An innovative material: EPP is a non-toxic polypropylene particle foam. This saves 96% of the resources needed for conventional injection molding. The high stability of the very light material is reinforced by a new laser technology. Properties: EPP is durable, waterproof, odorless, free of chemical blowing agents and easy to clean. Despite high stability, the material is extremely light.
